

Aludecor
Metal Composite Panel

IMAGINE CREATE INNOVATE

At Aludecor our aim is to facilitate imagination, creativity and innovation. We ensure this through future-friendly products that raise the bar, every day.

Stringent measures are adopted to make sure that the products meet international standards. Since 2004 the company has consistently upgraded technology, introduced superior aesthetics, used the best raw materials and established new parameters for excellence in the national market of Metal Composite Panels (MCPs) and coated coils.

Reasons to buy Aludecor MCPs

Use of
Lead-Free paints

Helps buildings
qualify for LEED

PVDF Coating

Recyclable

Fire-retardant

Saves energy

Aludecor
FireWall A2
Fireproof MCPs*

Aludecor
FireWall
Fire Retardant MCPs

Aludecor MCPs are available in both FireWall A2 and FireWall grades. They have Factory Production Control certification from Exova Warringtonfire of the UK (ewcl⁵) for reaction to fire classifications of EN 13501-1 Class A2-s1, d0 for FireWall A2 and EN 13501-1 Class B-s1, d0, for FireWall. The FireWall even has the certification of BS 476, Part 6 and 7 Class O with 2 hours resistance to fire in accordance with ASTM E119-12.

A2 is only available in AL45 grade whereas Aludecor FireWall is available for a wide range of ACPs.

#BeatTheFire

Aludecor FireWall A2 has fireproof properties close to metals.

Shades may vary from batch to batch. For warranty and related matters please contact our toll free number 1800 102 0407. As responsible citizens we choose to design products that help prevent the depletion of natural resources. The Pedra, Timber and Ace Series provide building materials that help preserve nature's resources. With this we hope to gift our children a better tomorrow.
